The Kali-Ama Trail was conceived and developed in 1977 by Joe Clopton and Kevin Clevenger.

It was re-worked and re-introduced in 1992 by the 1991 nature staff; Brian Darr, Scott Fay & Dorian Q. Fuller

The map was re-designed, made topographical, and posts were added for the King Kali-Ama in 2001 by Tim Davis.

The King was re-formatted and posts added in 02-06 by Brothers Louthain, Chunky Basham & Daniel Washburn.
